Sydney,

This is great news and thank you for the quick response.

We'd love to have Administrator Pruitt be our speaker at our May 23 lunch.

I had hoped to have the room locked down by COB today but am still waiting on confirmation.

Once I get confirmation, I will fill out the rest of the speaking form and return.

The lunch will likely be in one of the Committee Rooms in the Rayburn House Office Building though.

My direct is Ex. 6 - Personal Privacy if you have any questions or need to get ahold of me throughout this process.

Will circle back as soon as I can. Have a good weekend.

Sincerely,

Hi Hugo – Would you be available to meet with Administrator Pruitt on either the 11<sup>th</sup> or 12<sup>th</sup> at 11:00 a.m. Eastern? This is a time that we could potentially open up, depending on how events materialize in coming weeks with regard to the hurricane. Can you please also provide us with more details...is this just you and the Administrator or a larger meeting with additional reporters and editors? Would this be on background/meet and greet?

I am copying Jahan and Amy, who manage our press operations.

Many thanks,

Ryan,

Thanks for your quick response. As I mentioned, Washington Examiner is launching a new energy and environment newsletter in September, and we'd love to start with the splash of an exclusive interview with Mr Pruitt. If there is a time in the first week of Sept after Labor Day that would be perfect. If you can let me know of a convenient day and time between the 7th and the 11th of Sept, our editors and reporters will be there.

Connected with this newsletter launch, we're also planning an energy and environment event in Washington for the following month, to which we'd bring an invited audience of approx 150 policy professionals. If Mr Pruitt would be our keynote speaker, either delivering a speech or doing a sit down interview on stage with our staff, that would be excellent.

Both the Sept interview (which we'd run in print, and online with video) and the DC event would be perfect opportunities for Mr Pruitt to get his message out. Washington Examiner is an ideal platform for the discussion of conservative policy ideas, as we have millions of readers willing to give Republican and conservative politicians a fair and sympathetic hearing.

Finally, I pass along Mr Anschutz's regards, and thank you for your help in this.

Regards,

Hugo Gurdon

Hi Aaron,

Thanks so much for the email.

For the lunch, this one is for Congressional Western Caucus Members only (just House members). We host these lunches as a deliverable since we have dues on the House side. Apologies if that was unclear. Updated membership list attached.

The breakfast you all attended is put on by the Foundation.

The Western Caucus is an informal group of Members dedicated to protecting private property rights, strengthening local control, fostering economic growth, preserving multiple-use of public land, and increasing energy independence. So anything in these areas is fine.

Just ideas and he can speak on whatever he wants, but would be great if the Administrator briefly discussed any of the following:

-WOTUS

-Clean Power Plan

-Methane Rule

-EPA RMP rule

-Regional Haze

-Efforts to end Secret Science

-Budget and any cuts to EPA

-Pulling Climate Science Web Pages

-Holman rule and/or any other complimentary efforts to reduce bureaucracy

-Other efforts to overturn Obama regulations

-Other matters our folks can be helpful on

-Any bills necessary to codify E.O.'s

Look forward to seeing you all next week. Let me know if you all need anything else from me or if you have other questions.

Thanks!

Forgot to mention we do have one Democrat member, Kurt Schrader. He is good on our issues though and has voted with us on things like WOTUS, Clean Power Plan etc.

My boss trusts him and he pledged to work with us where he can and not undermine us when he can't.

Anyway, wanted to flag for you all. He is only planning to attend for the first half of the lunch. If there is something super sensitive though sure he is happy to pop out in the hall and make a phone call.

Forgot to mention Obama ozone mandates as a possible issue a lot of our folks would also be interested in hearing about.

For agenda: Everyone comes in, grabs lunch, my boss gives a few updates while the Administrator eats, then we go around the table and everyone introduces themselves. Then the Administrator has 10-15 minutes to speak, then we open it up and allow members to give one pitch or ask one question. Usually turns into more of an informal roundtable discussion. Picture with everyone towards the end. We stick to this one hour time limit as we know everyone is busy.

My boss will introduce him.

Our guys are pretty laid back and respectful.

If you have time, can you send me a 3-4 line preferred bio on the Administrator? Can you also send me names of staff accompanying him so we can be sure to introduce?

RSVPS are still rolling in this morning but attached is our current list.

Hi Aaron,

Thanks so much for the email.

For the lunch, this one is for Congressional Western Caucus Members only (just House members). We host these lunches as a deliverable since we have dues on the House side. Apologies if that was unclear. Updated membership list attached.

The breakfast you all attended is put on by the Foundation.

The Western Caucus is an informal group of Members dedicated to protecting private property rights, strengthening local control, fostering economic growth, preserving multiple-use of public land, and increasing energy independence. So anything in these areas is fine.

Just ideas and he can speak on whatever he wants, but would be great if the Administrator briefly discussed any of the following:

- WOTUS

- Clean Power Plan

- Methane Rule

- EPA RMP rule

- Regional Haze

- Efforts to end Secret Science
